The School of Business and Technology

About Northcentral University

Founded in 1996, Northcentral University (NCU) is a regionally accredited, private, online and graduate-focused university serving professionals globally. Northcentral University offers doctoral, master’s and bachelor’s degrees in business and technology management, education, psychology as well as marriage and family sciences. Courses are taught one-to-one by a member of NCU’s 100 percent doctoral faculty, and there are no physical residency requirements. Northcentral University is regionally accredited by the Higher Learning Commission (HLC) of the North Central Association of Colleges and Schools (NCACS).

Northcentral University educates professionals throughout the world by providing an opportunity to earn a U.S. regionally accredited degree online. We are committed to helping our students achieve academically and become valuable contributors in their communities and within their professions.

About the School of Business and Technology Management

The School of Business and Technology Management is committed to preparing its students to make ethical and professional contributions in their chosen fields of study. While under the guidance of highly credentialed faculty, students acquire the knowledge, skills, and competencies required of a global community.
